# Ward profile introduction

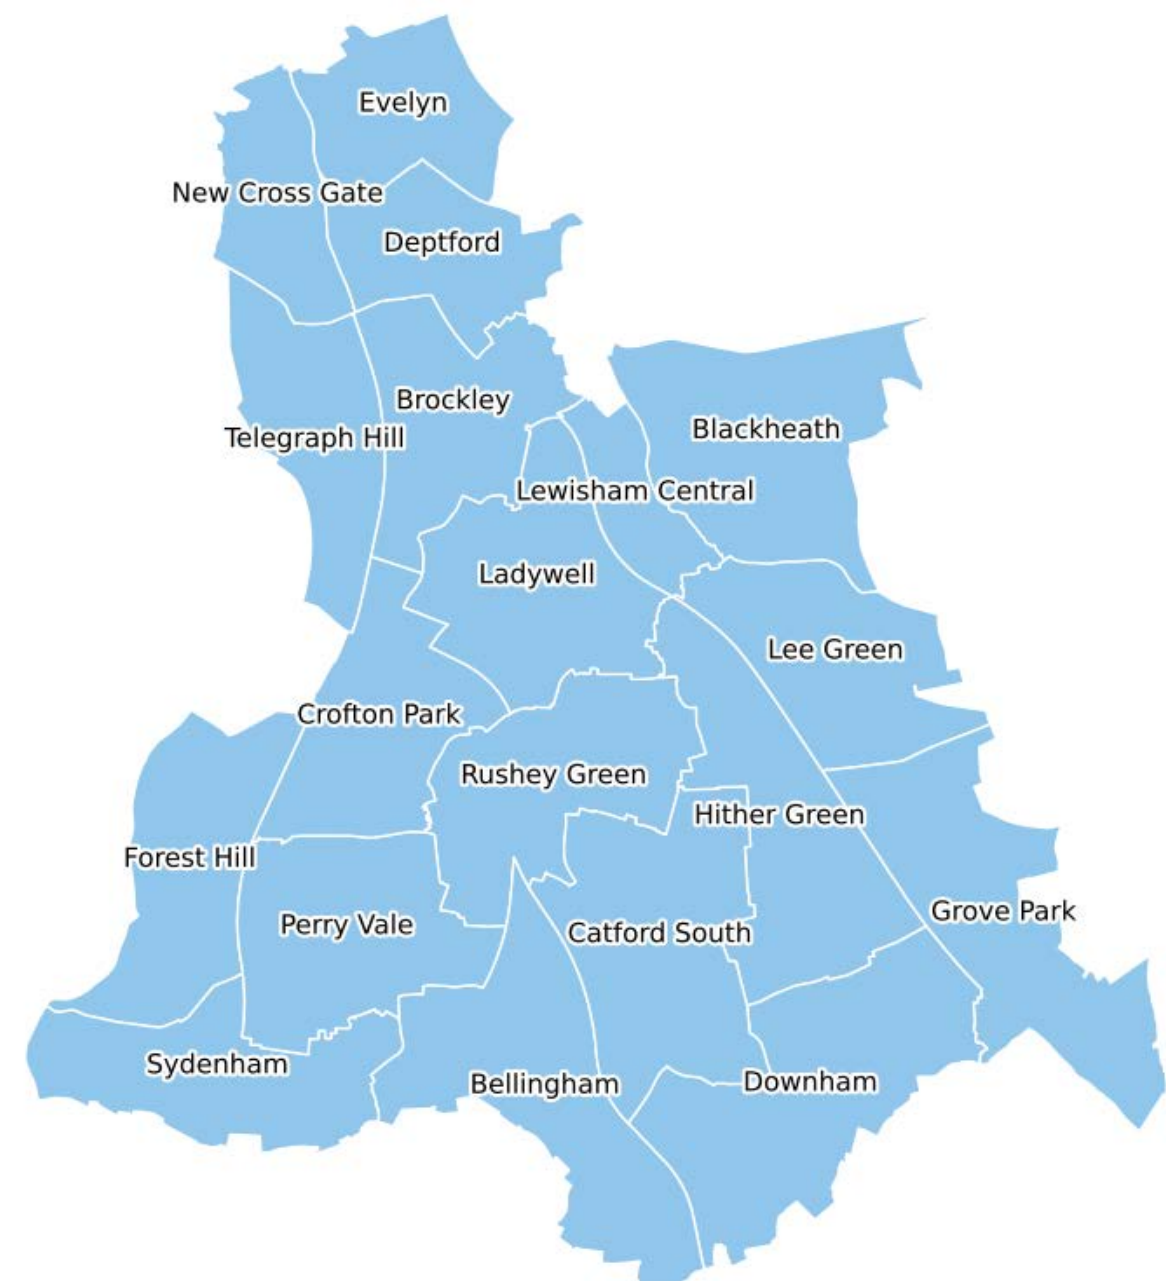

## About Lewisham's Ward profiles

The ward profiles bring together some of the key data sources to provide the demographic, social and economic characteristics of an area. In May 2022, the number of wards increased from 18 to 19.

- The boundaries of two wards have stayed the same, Telegraph Hill and Forest Hill, all the others changed.
- Two wards no longer exists: New Cross and Whitefoot.
- We now have three brand new wards: Deptford, Hither Green and New Cross Gate.
- 16 wards have three Councillors.
- Three wards have only two Councillors: Bellingham, Lewisham Central and New Cross Gate.
- The total number of Councillors remained in 54, the same as the previous period.

At the time of publication, the results of the 2021 Census have not yet been published, which means many indicator variables in this report rely on potentially outdated data from the 2011 Census. Data sources of all charts and statistics are clearly stated throughout this document. Revised data will be made available in the next revision of this document.

## Wards 2022

# Evelyn

With significant levels of housing development in the area, Evelyn ward had new boundaries established in May 2022, reducing its size to reflect the increased number of residents in the immediate area.

Lewisham Homes is the main social landlord and works widely across the ward. There are a range of established Tenant and Resident Associations, as well as EveRest who seek to bring them together. There is one community centre (2000 Community Action Centre) who work with organisations such as Bench Outreach, Lewisham Refugee and Migrant Network and XLP to provide services such as a community store, advice and support, and activities for families and young people. Riverside Youth Club, overseen by Youth First is within the ward and funding has been identified for development works which are planned in 2022.

In recent years, there has been significant focus on developing green spaces and play opportunities for families and young people (as well as cycling infrastructure) by organisations like Deptford Folk and Evelyn Parents Forum. These priorities have been partially addressed via NCIL where significant investment will be made in the 2022-24 programme.

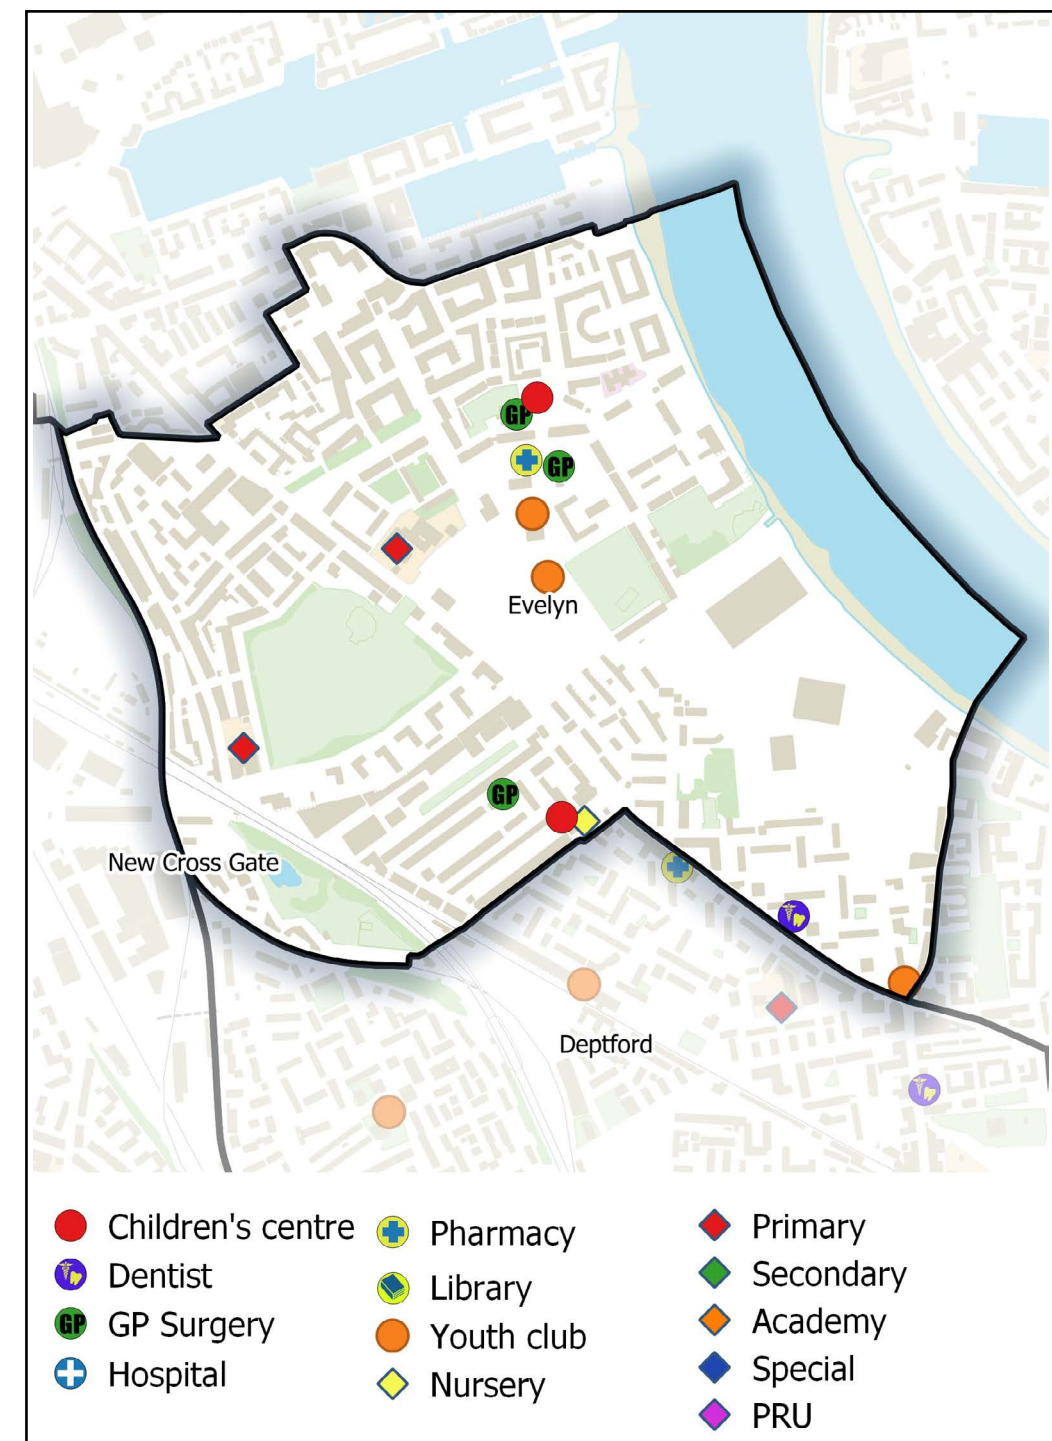

Levels of child poverty are amongst the highest in the borough and work continues to support existing residents, many of whom are in social housing, and to integrate residents who are new to the area.

There is a strong voluntary/community sector presence in Evelyn ward.

There are also a large number of community groups such as Pepys Community Forum and Deptford Working Histories, working on protecting and enhancing the cultural heritage of the area including the strong naval heritage, and that of notable figures who lived or were connected to the area.

In Evelyn ward £691,020 was awarded in NCIL funding to 19 projects (within the old ward boundaries). Ward NCIL priorities included Open/green spaces and nature; Transport and streets; Community facilities; Air quality and Community safety. Previous ward priorities included support for children and young people. The NCIL funded projects include significant spending on local parks and green spaces, improved play space, and a number of projects supporting families and young people such as stay and play activities, vocational training and dedicated youth workers.

Among those not born in England, the three most common countries of birth are Nigeria (5.2%), Jamaica (2.4%), and Poland (2.0%).

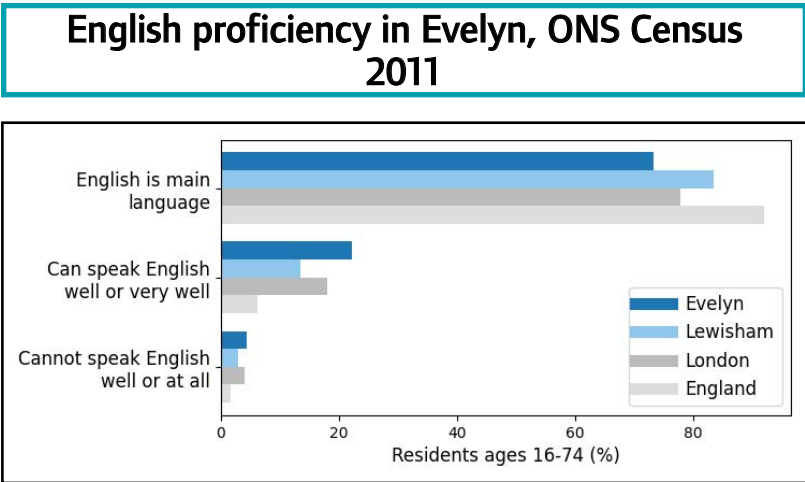

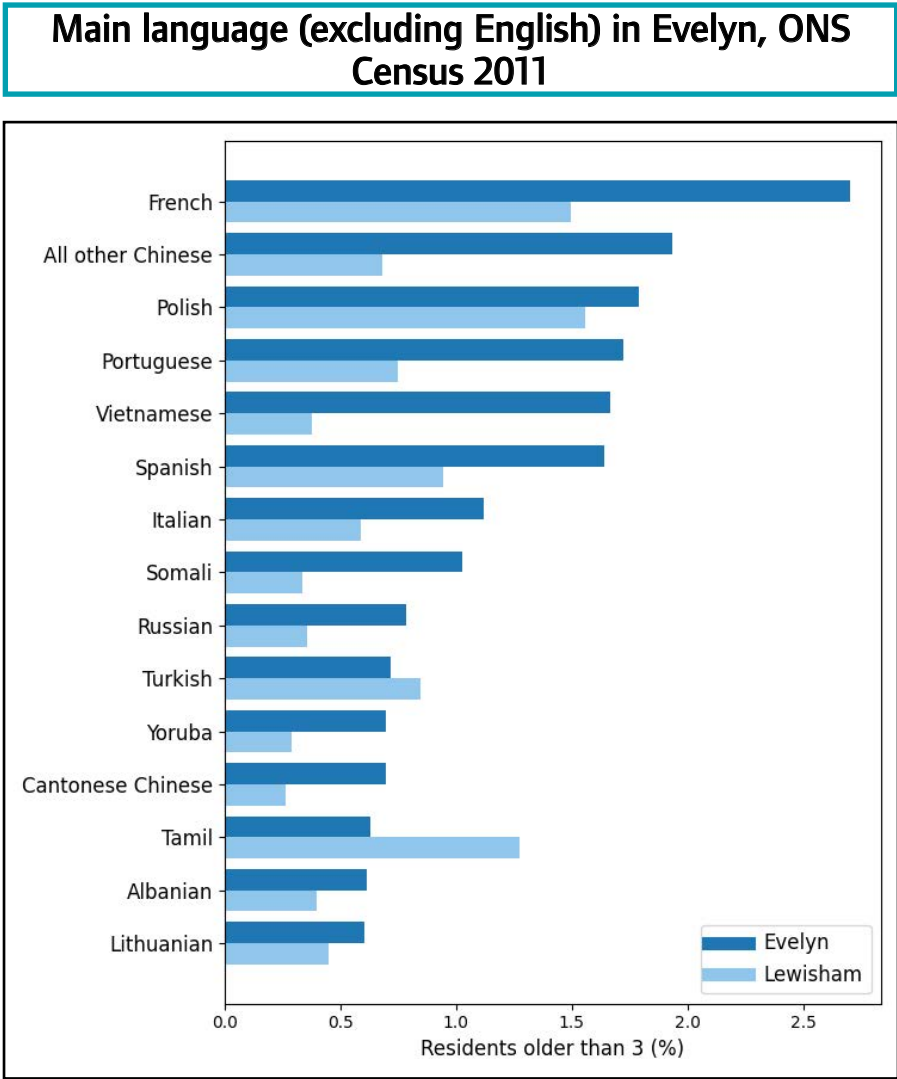

# Diversity: Languages

**73.3% of Evelyn residents speak English as their primary language**, compared to 83.5% in Lewisham as a whole, 77.9% in London, and 92.0% in England.

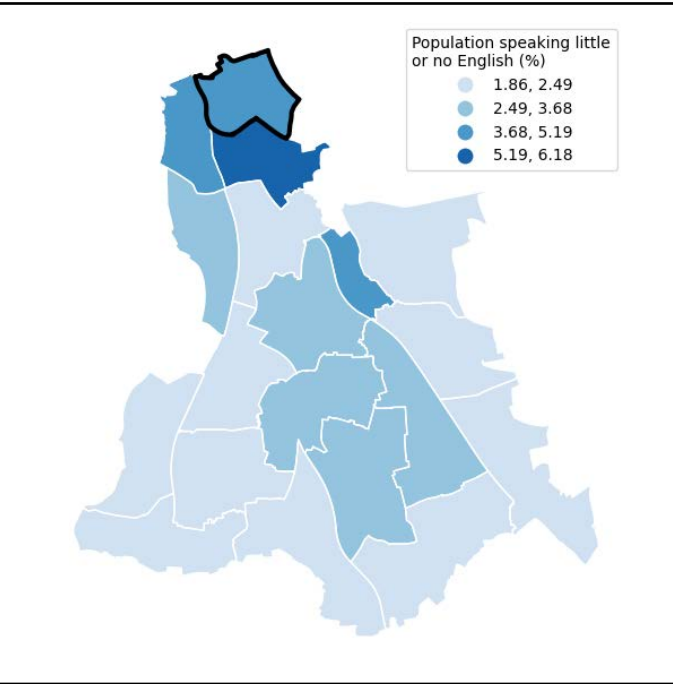

Of the remaining residents, 22.2% can speak English well or very well.

Among those not speaking English as their main language, the three most widely spoken languages are French (2.7%), All other Chinese (1.9%), and Polish (1.8%).

**Population speaking little or no English in Evelyn, ONS Census 2011**

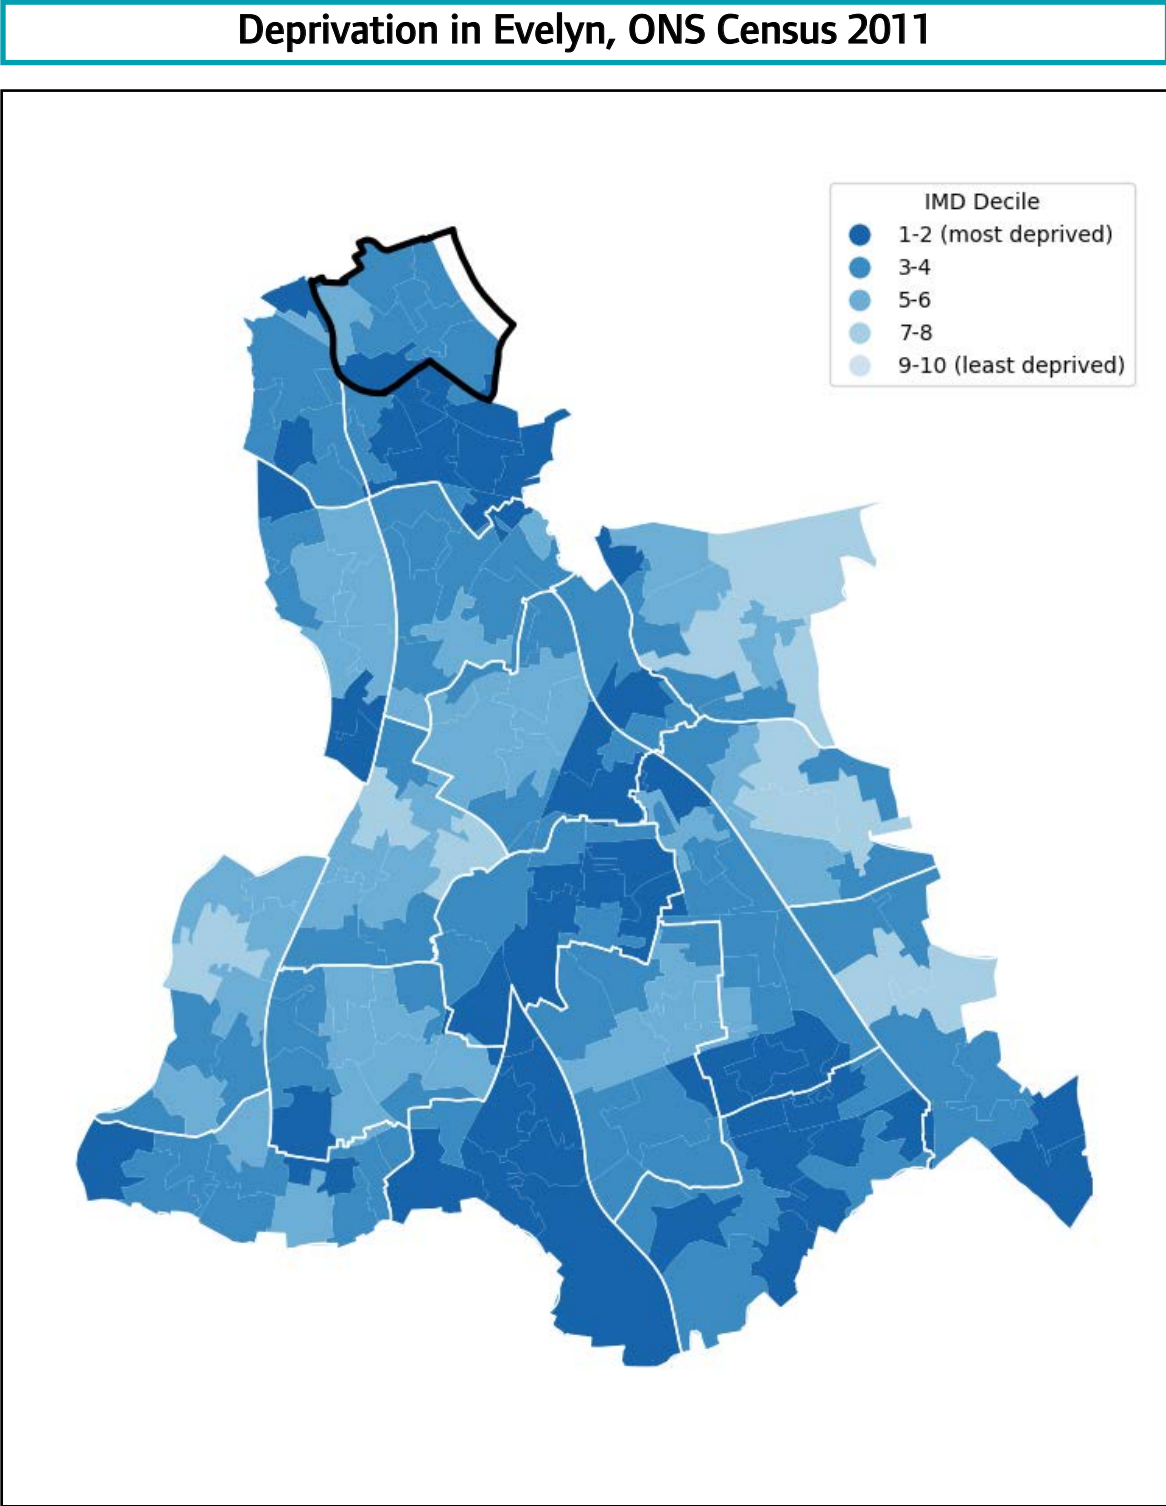

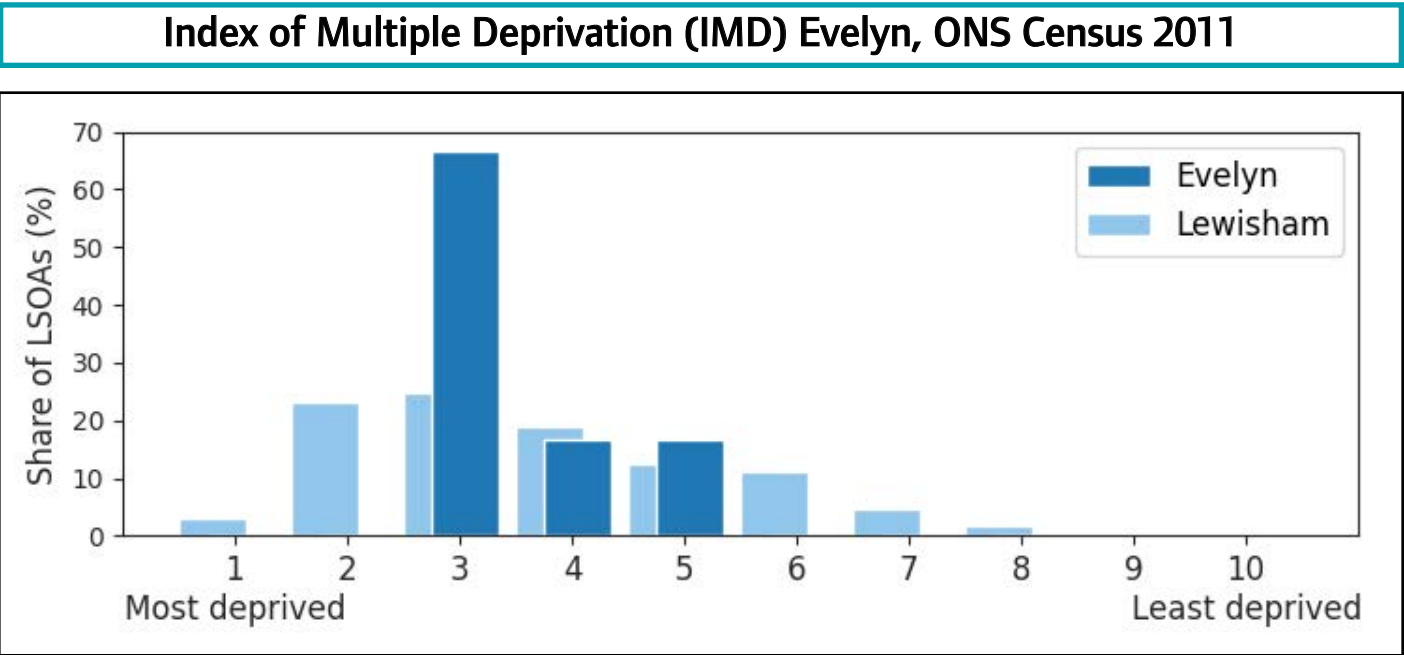

On the other hand, **4.5% of residents cannot speak English well or at all**, compared to a Lewisham average of 3.1%. This means an estimated 652 people in Evelyn may require everyday language support.

# Deprivation

The Index of Multiple Deprivation (IMD) is the official measure of relative deprivation in England. It is based on multiple factors: population income, employment, education skills and training, health and disability, crime, barriers to housing and services, and general living environment.

The IMD is determined for small areas, using a statistical geography called Lower-layer Super Output Areas (LSOA), with each LSOA typically representing between 1,000 and 3,000 people. Each LSOA in England is ranked from most deprived to least deprived, and then segmented into ten groups (or deciles), with the bottom decile (or decile 1) representing the most deprived 10% LSOAs in England.

**Of the six LSOAs in Evelyn, zero rank in the bottom 20% of the country (decile 1 or 2.)**

# Fuel poverty and EPC

Fuel poverty in England is measured statistically using the Low Income High Costs definition, under which a household is considered to be in fuel poverty if:

- They have required fuel costs that above average (the national median spend on fuel).
- Were they to spend that amount they would be left with a residual income below the official poverty line.

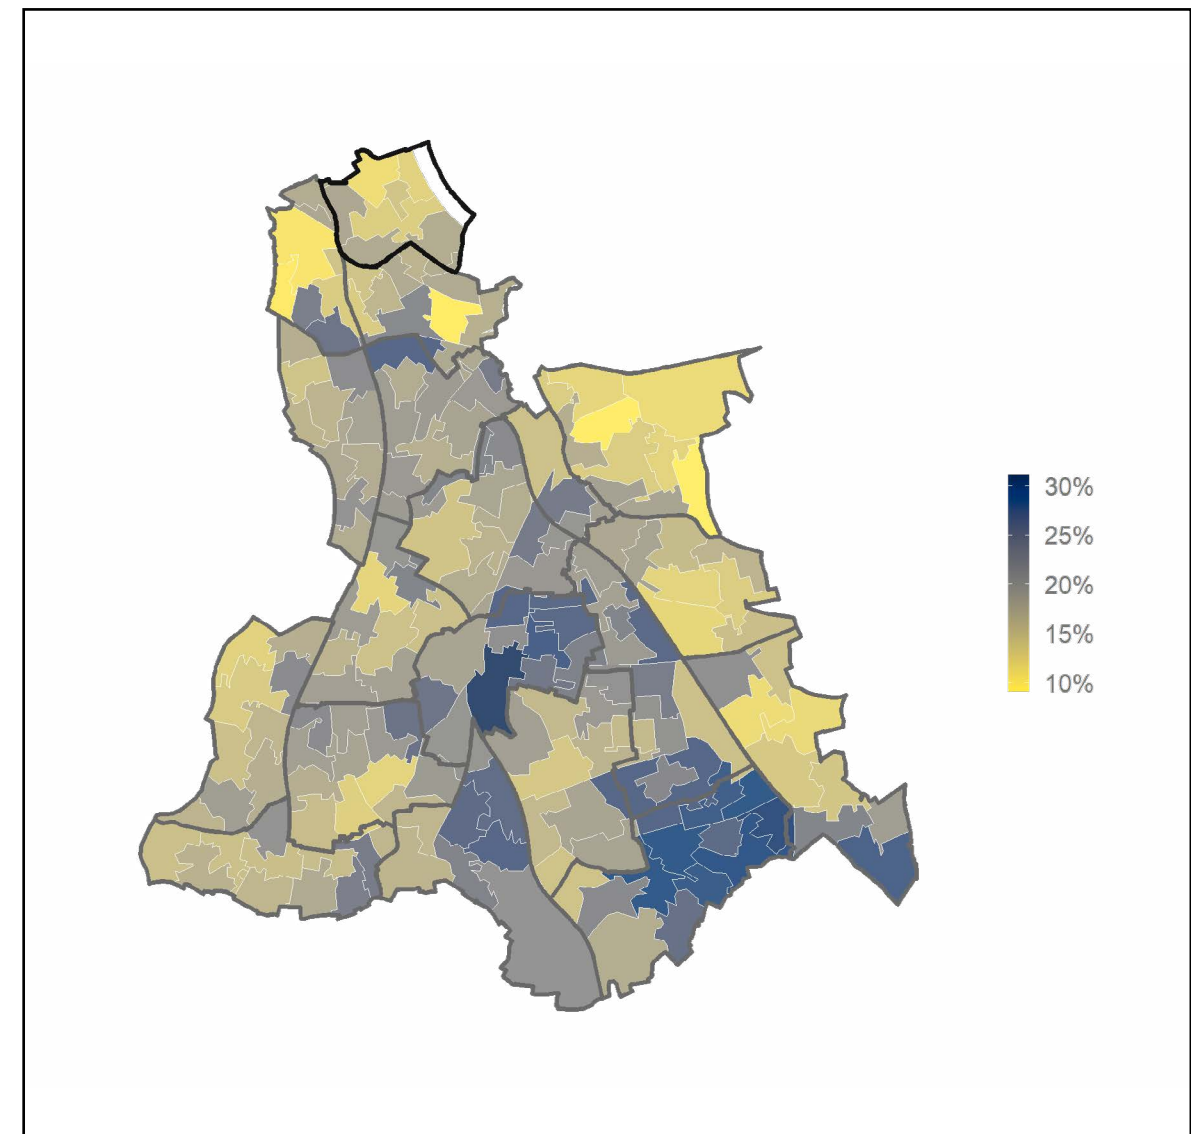

**In the six LSOAs in Evelyn, proportion of households fuel poor ranges from 10.9% to 17.4%.**

Energy Performance Certificates (EPCs) were first introduced in England and Wales in 2007, and are valid for 10 years. They contain information about a property's energy use and typical energy costs, and recommendations about how to reduce energy use and save money. Dwellings are rated between A (highly energy efficient) and G (highly inefficient.) The average EPC rating for dwellings in England is D.

**In Evelyn, 68% of assessed households have received an EPC rating of A, B, or C, which means they are highly energy-efficient.**

It is estimated that the share of highly energy-efficient dwellings in Evelyn could be as high as 90% if home owners were to carry out the improvements recommended during their assessment.

# Benefit claimants

Universal Credit is the primary social security payment for working-age people with a low household income. It was introduced in 2013 and has gradually replaced six prior benefits: income-based Employment and Support Allowance, income-based Jobseeker’s Allowance, and Income Support; Child Tax Credit and Working Tax Credit; and Housing Benefit. All Universal Credit recipients receive a standard payment that varies by age and whether they live with a partner. Additional payments are offered to help with housing, children and childcare, sickness and disability, and for carers. A further weekly £20 uplift was offered during the COVID-19 pandemic until September 2021.

In Evelyn, **1,752 people received Universal Credit in February 2022**. By comparison, in February 2020, 730 people received Universal Credit.

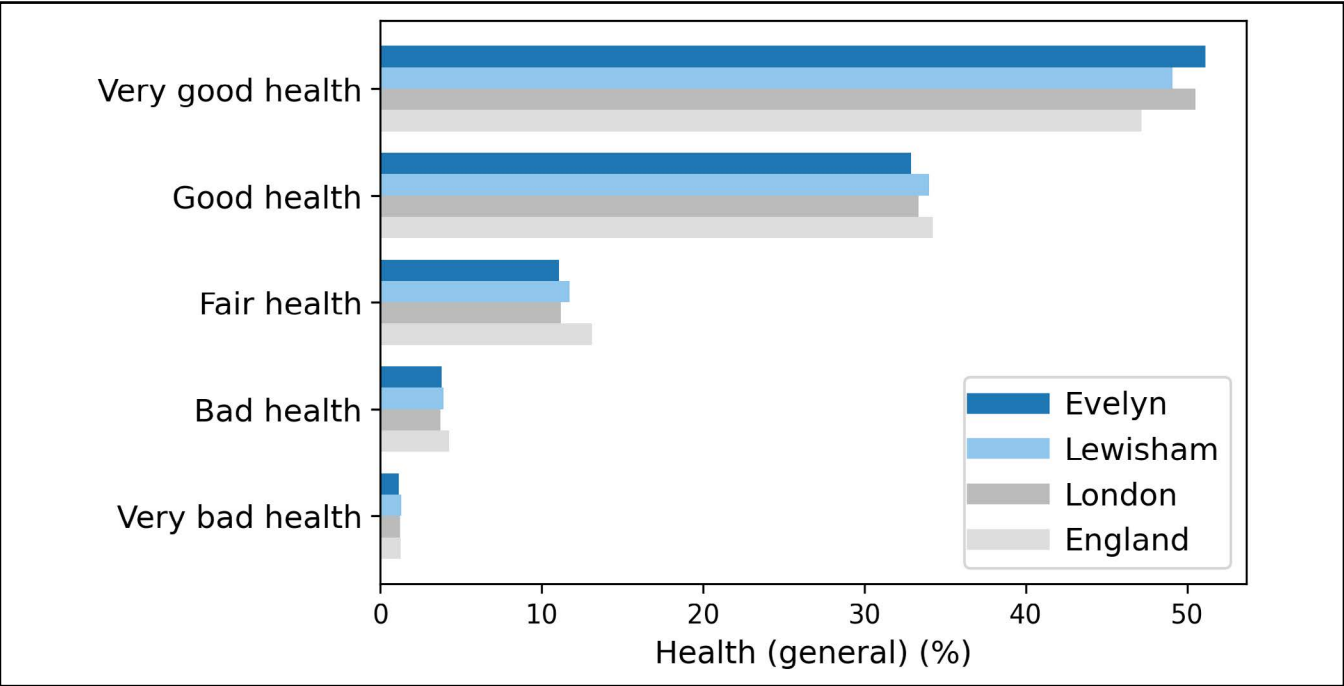

# Health and wellbeing
